

      

With the environment in mind, it is Concrete Cutters policy to do all that is reasonably practicable to:

Reduce the level of energy consumption

Obtain utility and hardware supplies from environmentally friendly organisations and those who use renewable energy sources

Recycle equipment, waste products and redundant items thereby reducing consumption of consumables

Use, store, control and dispose of hazardous materials in line with environmental 'best practice' guidance.

A full copy of our HSEC policy is available on request.
